Name: Florence Kanu
Email: fkanu@uga.edu
Website: <https://www.linkedin.com/in/fkanumph>
School: University of Georgia
Program of Study: Public Health
Major: Epidemiology
Public Health Accomplishments: Currently, I am the PRAMS/SSDI Epidemiologist for the Georgia Department of Public Health. I provide overall data management of the Pregnancy Risk Assessment Monitoring System (PRAMS) and conduct researching using PRAMS data.
Future Goals: I would like to continue my work in applied epidemiology and become a CDC Epidemic Intelligence Service (EIS) officer.

Name: Gurleen Roberts, MPH
Email: Gurleen.Roberts@dph.ga.gov
School: Georgia Southern University
Program of Study: Doctorate
Major: Public Health Leadership
Graduation Date: May 1, 2018
Public Health Accomplishments: Youngest expert panel member of Public Health Quality Improvement Exchange (www.PHQIX.org), completed MPH in 3 semesters
Future Goals: Graduate with my doctorate and continue working in public health quality improvement and accreditation.

Name: Kedrick L. Williams
Email: kedrickwilliams@gmail.com
Website: www.linkedin.com/in/kedrickwilliams
School: Morehouse School of Medicine
Program of Study: Master of Public Health
Major: N/A
Graduation Date: 2014
Public Health Accomplishments: I conducted a quantitative/qualitative evaluation of a Diabetes Management Program at a Tennessee Federally Qualified Health Center. I develop & present Public Health career modules in K-12 schools in Fulton, Clayton & DeKalb counties. I am a 3-yr Board Member for the Diabetes Association of Atlanta.
Future Goals: I hope to build a multiracial collegiate network of students & graduates interested in spreading diabetes awareness in Atlanta while utilizing 21st century innovative technology. I aspire to link my work in Health/Wellness Education and Ministry via tools of peer mentorship & leadership development.

Name: Kristina Lai

Email: kristinawlai@gmail.com

School: Emory University

Program of Study: Public Health

Major: MPH in Global Epidemiology

Graduation Date: May 9, 2016

Public Health Accomplishments: Experience in epidemiologic research, study design, surveillance, and quality improvement, plus over 5 years of work in global health programming, M&E, and project management.

Future Goals: I would like to gain more experience in applied epidemiology in a local or hospital setting. Eventually, I would like to be a lead epidemiologist for a health program.
