Weekly Legislative Report #5

Week Ending February 15th, 2019

Broadband Tsunami

Perhaps the most active subject considered under the gold dome last week was the issue of expanding high speed broadband service into rural areas. The issue is complicated and numerous bills attack it from different angles. The two fastest moving bills on the topic were [HB 23](#) by Rep. Penny Houston (R-Nashville) that cleared the full House Monday, followed by [HB 184](#) by Brett Harrell (R-Snellville) that won House approval on Thursday. [SB 17](#) and [SB 66](#), both by Steve Gooch (R-Dahlonega), passed out of the Regulated Industries Cmte. and await Rules Cmte. action to be considered by the full Senate. [HB 22](#) has passed out of the House Economic Development Cmte., while [HB 100](#) and [SB 2](#) are still waiting for a committee vote. The issue is multi-faceted, but perhaps the most contentious question is how to regulate EMC pole attachment fees for competitors who might be willing to provide service in rural areas.

You Can't Spell Contentious without CON

And "contentious" is a good word to also describe the beginning of arguments in the CON arena. Last week saw a lengthy debate, but no vote, on [HB 198](#) by Matt Hatchett (R-Dublin) in the House Special Committee on Access to Quality Care. His bill is a product of the House Rural Development Council which met over the interim period between sessions. After years of debate over the issue, expectations are that something will get done this year. As always, however, the devil is in the details, and those details are being fought over vigorously. We expect at least one more bill to drop next week, this one by Sen. Dean Burke (R-Bainbridge), a physician and hospital Medical Director.

"GeorgiaBest" Program to Emphasize Soft Skills

Labor Commissioner Mark Butler testified last week that at large gatherings of Human Resources Directors, the question is often asked, "How many of you have fired an employee for a reason other than 'soft skills' issues?" Rarely does a hand go up, he said. The bottom line seems to be that people most often lose their jobs for lack of punctuality, failure to dress suitably for the situation, inability to work as a team member, or other inappropriate behavior problems. [HB 126](#) by Randy

Nix (R-LaGrange) would authorize the Department of Labor to establish the 'GeorgiaBest' program, "a business employability skills training program intended to assist the state's existing and emerging workforce in developing employer-identified skills needed to be successful in the workplace." The bill goes on to instruct, "Such program shall provide an employability skills training curriculum that may include, but shall not be limited to, skills relating to punctuality, critical thinking, and the ability to work in a team."

Strategic Integrated Data System

Rep. Katie Dempsey (R-Rome) has introduced a bill to establish the Strategic Integrated Data System to help the state make better use of the disparate data it collects through various agencies. [HB 197](#) directs the Office of Planning and Budget to procure a system (hardware, software, management services), to share data between state agencies, while maintaining the privacy requirements contained in federal HIPPA regulations. The bill was placed in the Budget and Fiscal Affairs Oversight Cmte.

A Horse by Any Other Name is Still . . .

If you see the title "Rural Georgia Jobs and Growth Act" on a bill, naturally, the first thing you would think of is . . . pari-mutuel betting on horse racing. Well, that's what you would think if you noticed long-time horse racing advocate Brandon Beach (R-Alpharetta) is the author. Beach, who represents an area with horse farms and believes the number would expand exponentially should his legislation pass, has introduced [SB 45](#) to create the Georgia Horse Racing Commission and invigorate horse farming in rural Georgia. There's a companion Constitutional Amendment, [SR 84](#), that would allow voters to determine if the state wants to allow pari-mutuel betting on horses. Beach has also recently announced he is running for Congress in 2020 for the seat currently held by freshman Democrat Lucy McBath.

Needle Exchange Program Rules

Freshman Rep. Houston Gaines (R-Athens) has introduced a bill, [HB 217](#) that would authorize the Department of Public Health to promulgate rules and regulations for the purpose of supervising the activities of syringe services programs. Such programs would "provide substance abuse and harm reduction counseling, education, and referral services for substance abuse disorder treatment; training and provision of naloxone to reverse opioid overdoses; screening for HIV, viral hepatitis, sexually transmitted diseases, and tuberculosis; referrals and linkage to HIV, viral hepatitis, sexually transmitted diseases, and tuberculosis prevention, treatment, and care services; safer injection supplies; and evidence-based interventions to reduce negative consequences of drug related behaviors."

Governor and First Lady Go Mobile Against Mental Illness

Gov. Brian Kemp and First Lady Marty Kemp were joined by a host of state officials on Valentine's Day to announce a new mobile application to support the Georgia Crisis and Access Line (GCAL). [GCAL](#), 800-715-4225, is a 24/7 hotline offering free and confidential access to services for youth and adult mental illness, substance use disorders and intellectual and developmental disabilities. The **My GCAL App** works on Apple and Android smartphones and was designed specifically to reach Georgia's youth in times of a behavioral health crisis. The professionals at GCAL, including licensed clinicians, are able to make referrals for treatment and even dispatch mobile response teams.

“Traveling across the state, Marty and I have heard firsthand from parents, students, teachers and administrators about the growing mental health crisis in our schools and communities,” Gov. Kemp said.

“Right now,” added First Lady Kemp, the mother of three teenage girls, Georgia’s youth face tremendous pressure to fit in with their peers, and it can take a severe emotional and physical toll on their day-to-day lives.”

Kemp Signs First Bill as Governor

On Friday Kemp signed his first bill since becoming Governor, legislation intended to correct the inadvertent results of a bill passed last year. [SB 25](#) (Bill Heath-R) changes the year-old language, found confusing by many, specifying when it is legal to pass a stopped school bus. The new language, which became effective immediately upon Kemp’s signature, clearly states that drivers can only pass a stopped school bus while moving in the opposite direction if there is a grass medium, unpaved area or physical barrier between the two lanes. Drivers are not permitted to pass a stopped school bus while moving in the opposite direction if separated only by a turn lane.

Next Week

The General Assembly is in recess for President’s Day on Monday, but will meet Tuesday through Friday. However, there are no committee meetings currently scheduled for Friday, so that leaves only three days next week for committee work. Friday will be Legislative Day 20 – the halfway point of the session. Crossover Day is LD 28 this year.

Tracking List

Here are the bills we are tracking. **New activity is noted in red.** Click on the [Bill Number](#) to access the current version of the bill.

The 2019 Legislative Session is the first session of the 2019-2020 Term of the Georgia General Assembly. Therefore, bills not passed or defeated during this session will be carried over to the 2020 session. Bills pending in the House or Senate Rules Committees at adjournment sine die of the 2019 session will be recommitted to the committee from whence they came.

Aging

[HB 70, guardian and conservators of minors and adults; Revise Provisions](#) (Rep. Chuck Efstoration-R)

Relating to guardian and ward, so as to revise provisions relating to guardians and conservators of minors and adults; to amend various provisions of the O.C.G.A., so as to make conforming revisions. **Status:** Referred to Juvenile Justice Cmte
